**Quick Change.
Fast Response.**

Used by:

Fire Departments
Emergency Response Teams
Wildland Firefighters
Athletic Trainers
Professional Athletic Teams
Outdoor Recreational Venues
and many more

Other John Deere Utility Vehicle accesso-
ries include People Carrier, Not-A-Rops
Lightbar, Cabs, Enclosures, ROPS (roll-
over protection structure) and sunshades.

The Med-Bed™ modular attachment
provides an off-road medical rescue
unit that will accommodate a spine
board or other immobilization devices.
Extra passenger or attendants can oc-
cupy the front seat or rear seat de-
pending on severity of injury. The
Med-Bed™ modular attachment trans-
forms your standard utility vehicle into
an emergency medical rescue system
within one minute, and then back to a
utility vehicle when finished. Give your
utility vehicle more than one job. (Will
fit Traditional Series, Standard Series
and Performance Series John Deere
Gator Utility Vehicles sold separately.
Gator is a trademark of Deere and
Company.)
